

## Period Products

Free period products are available in all Female toilet facilities and in Toilets for All on St Mary's University College campus.

Decisions regarding the types and range of products that are available, and the chosen locations were informed by a consultation process, which took place in October 2024, with representatives from the Students' Union Executive.

It was agreed that appropriate signage would be located in toilets and that the Students' Union would publicise availability of products on social media channels.

At all stages of the process, due cognisance was given to the College's statutory duties under the [\*Period Products \(Free Provision\) Act \(Northern Ireland\) 2022\*](#)
